

NARFE PAC and Public Relations Reports – Sam Cagle April 2020

- Public Relations Chair. No current activity on the Public Relations account. It would normally have been time to prepare for NARFE speakers at conventions of state or regional organizations of federal workers. Or releases to local media about chapter meetings or district and federation conferences. Or human interest stories about the backgrounds or current activities of chapter members. Or stories using NARFE produced local statistics about the presence of Federal workers or retirees in congressional districts or local communities. Etc. But we are social distancing because of the coronavirus.

- NARFE-PAC. One legislator, Rick Larson, received \$1500 in PAC funding from Headquarters NARFE. We are currently in a calm campaign season and remain ready to receive calls. Denny Heck, 10th Congressional District, has announced that he will step down at the end of his term. Currently 11 candidates, both Democratic and Republican, are lining up to replace him. Since I live in the 10th, I will keep a close eye on it, and if necessary, will talk to them about the NARFE questionnaire,
