

**Acting District I Spokane (32), Colville, Columbia Basin(856) & Wenatchee(239)
report**

I reached out to the four (4) Chapters in District 1. Heard back from all except the Colville Chapter.

Chapter 32-Spokane. Spokane held it's first chapter meeting, after the summer break, on September 14, 2020. The zoom meeting was not well attended but resulted in some good conversations and ideas on how to move forward during this difficult time.

Nine of the 10 Spokane health fairs will be held virtual, with only the health fair at the VA medical center being held in person. The November chapter meeting will focus on health care plans and changes.

Member communication is by the monthly newsletter, website and invite to the zoom chapter meeting.

Chapter 239-Wenatchee. Kent Clarida served on the Redistricting Committee. All health fairs are virtual. They have been keeping in touch with members by telephone or email.

Chapter 856-Columbia Basin. Christine hopes to hold some type of Chapter meeting in November. She will check on the health fairs planned for their area. Most gov. agencies in their area are working from home.
