

WSF OFFICER REPORT

December 5, 2020 WSF Executive Board Meeting

WSF Secretary: Final call for changes to the minutes of the September 30 meeting. If none, I request approval.

WSF webmaster Report: The website is up to date as of December 5. If you find a discrepancy, please let me know right away. Open Season ends on December 14th. I will remove references to Open Season later that week. Also, please keep me informed of updates to your election results and meeting arrangements so that I can post that information on the website.

NARFE National postponed the upgrade to their web software to “the end of the year”. If you need to updated your website, let me know. I can help you. (see the CAB Report below)

The new Federation Districts map is on the website.

CAB Report:

The CAB and NARFE HQ have been using the new bug tracking software and the NARFE HQ response rate has improved but is still not perfect.

We are still waiting on the M114 and several other improvements.

Labels are available. However, to print correctly you will need to adjust your printer settings to “ACTUAL” rather than the default setting.

NARFE National will be upgrading their web software at some point in the “near” future, including the NARFE-hosted websites. The new software is based on WordPress. Websites that are kept up-to-date will migrate to the new templates first. Websites that are out of date may get contacted by NARFE Communications to find out why, if they need help, and how to work with the new web software. If you have a website that needs updating but are unable to do so, let me know. I can help you. Once the new software is operational, I will hold virtual training for chapter webmasters/network coordinators.

The CAB continues to work on changes for AMS that are field-officer user friendly. If you have questions regarding AMS, please feel free to contact me. Copies of the CAB meeting summaries for October and November are attached to this email.

The CAB will meet on December14th.
